

The Steve Brown Art Center Fund

Vision for The Steve Brown Art Center

The vision for The Steve Brown Art Center (SBAC) is to become a 501(c)(3) nonprofit organization that affords artists, young and old alike, the opportunity to better themselves while helping to build the skills of those around them. The SBAC will house a rural artist in residency program for professional and emerging artists in all areas of the arts and humanities. Artists will be offered accommodations and studio space in exchange for contribution of labor and maintenance of the buildings and grounds.

Artists will become involved with the communities they are residing in by providing programming and activity opportunities for community members as well as participating local school districts. It's important to us that our artists' experience is influenced and developed in partnership with host communities.

In addition to an artist residency program, SBAC will be offering community programming starting in Jesup, Iowa before expanding to neighboring communities. Programming will include a Community Speaker Series that will showcase existing creatives who reside within the community as well as a Pop-up Series that will spotlight and partner with local businesses to provide opportunities for community engagement.
