what we do

The Franklin County Community Foundation connects people with the causes they care about and makes grants to nonprofit organizations enriching our communities.

We do this by helping to simplify the philanthropic process, giving generous people a way to support what they care about. Gifts to the Community Foundation become part of a permanent endowment, which means they will benefit your community forever. We invest gifts so they grow, maximizing the resources available to use for grantmaking that addresses community needs.

“When you make a gift to a fund or establish a fund with the Community Foundation, you help meet our county’s critical needs. It is this generosity that allows us to make grants to organizations changing lives and enriching our local communities.”
