OF NORTHEAST IOWA

*here for good.*

**Lynn Cullen** was born and raised on a farm in rural Iowa. She attended a small high school with a graduating class of 23 students. She received her bachelor's degree from The University of Iowa and a graduate degree at a California State University. Her parents were both first generation college students and Lynn was raised to value education and contributing to your community. Although she has spent much of her adult life in California, she retains a strong connection with her rural Iowa roots and wants to support young Iowans in reaching their goals. She believes that education is one of the paths to wider opportunities in life.
